

**>>> Assignment #6 for Computer Networks (CNT 4004) <<<  
Due on 12/01/10 at the beginning of class**

This assignment covers material from chapters 6 and 7 of the textbook.

**Problem #1**

Do problem P6 (page 590) from the textbook.

**Problem #2**

Do problem P3 (page 674) from the textbook.

**Problem #3**

How can the class project – based on a class-developed standard – be improved for future semesters? Please give a well thought-out and justified answer. Be sure to explain why your proposed change is an improvement.

**Note:**

The TA and I are here to help you! Make use of help if you need it.
